

Silverado

VINEYARDS

2009 Sangiovese

ESTATE GROWN, SODA CREEK VINEYARD, NAPA VALLEY.

Bright red color. Vibrant spicy cranberry, vanilla and cedar aromas with floral notes that sing the siren's song to entice you to drink (responsibly, of course). Juicy red fruit flavors that are incredibly refreshing on the palate make this Sangiovese the perfect red wine for any season.

A Passion to Delight.

Silverado Vineyards was born as a natural extension of the Miller family's passion to delight.

The year was 1981 when former Walt Disney President and CEO Ron Miller and his wife, the daughter of Walt Disney, Diane Disney-Miller founded Silverado Vineyards in the heart of the famed Stags Leap District. Over the years, they expanded their estate to include six distinctive vineyards in Napa Valley, the extraordinary fruit from which is the sole source of Silverado's Estate and Single Vineyard wines.

Today, Silverado's estate-designate wines serve to delight wine lovers around the world and are at the forefront of California's luxury winemaking legacy.

In life—and in wine—we are ultimately defined by the choices we make...
