Winemaking Notes: Our Poster Series wines are created exclusively for the enjoyment of our wine club members, and we're delighted to share our latest custom blend crafted from an assortment of wines left over after we made our final Cabernet blending decisions. Made entirely from Napa Valley grapes, this wine nonetheless boasts a number of vineyard sources. You'll find that the result is a soft and fruity Cabernet Sauvignon that is approachable, food-friendly and ready to enjoy today.

Analysis: Alcohol 14.7%, 5.15 g/L titratable acidity, 3.78 pH, 0.58 grams per liter VA. Average Brix at Harvest – 25.7, 26 days maceration and 3 months barrel aged in 100% French oak

Food Pairing: Since it's eminently drinkable, this Cabernet Sauvignon will pair well with all your favorite cold weather entrees – everything from burgers topped with blue cheese to your favorite meatloaf with mashed potatoes. We also enjoy pairing it with a classic beef Stroganoff or even braised short ribs served with creamy polenta.
