

2013 ESTATE GROWN CABERNET SAUVIGNON NAPA VALLEY

In 1981, Ron and Diane Miller established Silverado Vineyards to begin making wines from the historic sites that comprised their estate. Their ranches were first planted to vineyards by Napa pioneers between 1865 and 1895. Each played an important role in establishing the reputation of their growing area: Carneros, Coombsville, Yountville, Soda Creek Ranch and Stags Leap District. The beautiful fruit from these vineyards is the exclusive source of Silverado Vineyards' Estate and Single Vineyards wines--the Miller family's highest expression of the Napa Valley they love and admire.

VINEYARDS

STAGS LEAP VINEYARD (47%)

The sloping, gravelly soils and sunny exposure of this vineyard helped establish the reputation of Stags Leap District for fine Cabernet Sauvignon.

MT. GEORGE VINEYARD (45%)

Located east of Napa, Mt. George Vineyard is the site of one of the first grape plantings in the valley in the 19th century. The deep, gravelly soils are derived from volcanic rock and ash, providing depth and structure to Silverado's wines.

OAKVILLE STATION (8%)

First planted to vines in 1883, this historic site on the western edge of the Oakville bench, now under the guidance of the University of California, Davis; this research station has played a key role in advancing the quality of California's grape growing.

VARIETAL COMPOSITION

88% Cabernet Sauvignon

9% Merlot

3% Petit Verdot

VINTAGE NOTES

Textbook conditions saw near-ideal bud break, steady flowering, even fruit set, and a lengthy stretch of warm days and cool and often foggy nights during the long summer months. Late and light rain held off until grapes found optimal ripeness, bringing exceptional quality with a smooth balance of acids and sugars.

HARVEST DATES: September 5th - October 3rd, 2015
